

NEW: SMALLER "**ACTIVE SKIN PACK**" is the latest addition to our product line. A smaller bottle (1 oz) of **Active Skin Care** with our new **Active Silver Spray**, a 2 oz spray bottle of Colloidal silver. This is the all natural alternative to skin problems without alcohol, sulfates, mineral oil or parabens. Convenient size for travel and your pocket, along with lower prices.

NEW: "**NATURAL CHOLESTEROL SUPPORT**" is a proprietary blend of "All Natural" ingredients that work together synergistically to help lower your cholesterol.

- 270 mg - Phytosterol Blend
- 250 mg - Red Yeast Rice
- 50 mg - Guggul
- 30 mg - inositol Hexanicotinate
- 15 mg - CoQ10
- 10 mg - Policosanol

It is the most effective cholesterol supplement available with no additives.

NEW: "**NATURAL BLOOD SUGAR SUPPORT**" is a Proprietary Herb from the Amazon Rainforest that can assist people with Type 1 & Type 2 Diabetes to regulate blood sugar levels.

Natural Blood Sugar Support consists of the leaves and stems of an amazing herb from the Amazon Rainforest called **Momordica Sp.** (Sp means 'Special Species') The Mormordica species is generally known as the "Bitter Lemon" and has a long history of medicinal use by the indigenous peoples of the Amazon. The **Momordica Sp** is a herb that helps to regulate the blood glucose levels naturally, by assisting the beta-receptors in the pancreas.

NEW: "**ACTIVE COLLOIDAL SILVER**" is the latest addition to our product line. Colloidal silver has been used for thousands of years and is the 'Natural' alternative to drugs. It has been known to be non-toxic, safe and effective without any side-effects. It can be used topically and internally on people (from infants to seniors) and even pets.

According to medical journals from around the world, Colloidal Silver disables the particular enzyme that all one celled bacteria, fungi and viruses use for their oxygen metabolism. Colloidal Silver co-mingles with the blood and enters the cells to seek out and destroy harmful organisms. It suffocates them in minutes after initial contact.

ACTIVE LIQUID CALCIUM - (Daily Maintenance is ¼ oz per day)

Due to the high saturation needed to get the 250 mg into such a small dosage and bottle, please give the bottle a VERY good shake the 1st time you use it. (About 1 minute.) Try taking it at night to help you sleep.

For Osteopenia or Osteoporosis, we suggest you double the daily maintenance dose to 1 tablespoon (½ oz or 3 teaspoons) per day. This is the dosage used in the Dr Guy Abraham study. **THE JOURNAL OF REPRODUCTIVE MEDICINE** Vol. 35 No. 5, May 1990.

ACTIVE LIQUID MINERALS - (Daily Maintenance is ¼ oz per day)

Due to the concentration of these minerals, a few people may initially experience an upset stomach as the minerals start to work on the digestive system. This is a good thing so don't let it stop you from enjoying the minerals. If this occurs, then you should take them with food and/or reduce the dosage until it subsides and then you can increase the dosage back up again. We have included a dosage cup (in teaspoons and ozs) to make it easy for you to measure your daily dose. Just add to water, fruit juice or Active Immune Support. We have been asked many times, "How long will it take for me to notice any difference?" Everyone is different so it may take 1 day, 1 week or 1 month but we recommend you should try them for at least 3 months to judge the benefits.

It is recommended that you take your minerals & vitamins separately. Take your minerals in the morning and if you have the time, please wait 20-30 minutes before having breakfast and your vitamins and other nutrients.

Save money with our **ACTIVE HEALTH PACK & ACTIVE CALCIUM PACK.** (1 Active Liquid Minerals + 1 Active Liquid Vitamins + 1 Active Liquid Calcium.) For more details, visit: <http://www.4alw/liquid-vitamins/ahp.htm>
